

MARKETING & SEO ANALYST

MARKETING & SEO ANALYST

A Marketing & SEO Analyst is responsible for improving online visibility, driving organic traffic, optimizing digital marketing campaigns, and supporting business growth through data-driven marketing strategies. This role combines SEO, content marketing, analytics, social media, and website optimization to strengthen brand presence and generate qualified leads.

This opportunity is designed for fresh graduates and aspiring digital marketing professionals looking to build careers in Search Engine Optimization (SEO), Content Marketing, Performance Marketing, Analytics, and Brand Growth.

Key Responsibilities

1. Search Engine Optimization (SEO)

Perform keyword research, on-page optimization, technical SEO audits, and backlink analysis to improve website rankings.

2. Content Marketing

Plan, write, optimize, and publish SEO-friendly blogs, landing pages, case studies, website content, and marketing materials.

3. Website Performance Analysis

Monitor website traffic, user behavior, Core Web Vitals, and conversion performance using analytics tools.

4. Keyword & Competitor Research

Identify high-value keywords, analyze competitors, and develop strategies to increase search visibility.

5. Social Media Marketing

Support content planning, scheduling, optimization, and performance tracking across LinkedIn, Instagram, Facebook, and X.

6. Performance Reporting

Prepare weekly and monthly SEO reports, keyword ranking reports, campaign performance dashboards, and marketing insights.

7. Marketing Campaign Support

Assist with email marketing campaigns, lead generation activities, webinars, events, and promotional campaigns.

8. Collaboration

Work closely with developers, designers, sales, and content teams to improve digital marketing performance and business growth.
